This season, many of our best models have been brought out by the New York designers. We are just receiving new Coat and Suit models that are very attractive. We mean to show these new models as soon as we can get deliveries, and many of these models we only show samples and do not like to order from same.

We are now showing a large line of some of the best Suit values we were ever able to show, and the business we are doing in these Suits surely proves that the line is more than satisfactory to those who are looking for the latest things at the right prices.

## Ladies' Tailored Suits
